

**Allan's Vending Service LLC**  
**1060 North Hartland Road**  
**White River Junction, Vermont**

January, 2010

To whom it may concern:

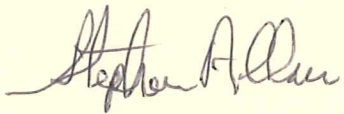

Allan's Vending joined the **Local First Alliance** because we believe the foundation of a sound economy is the network of locally-owned independent business men and women who make this region our home.

We raised our family in West Lebanon. And Steve's grandfather had a store on Main Street in White River Junction so our connection to this region and its economic base goes back a long way. We're grateful to the businesses that have helped us to build our company, and always try to be helpful to others.

We are proud of what our company has done over the years to support many community organizations. And we are proud to support **Local First Alliance** because it boosts the local, independent businesses and community banks.

Please join us in promoting our enterprises through your membership in **Local First Alliance**.

Sincerely,

Stephen Allan
